

**102191 - Autistic spectrum disorder**

|   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | <p>How many adults you have with a diagnosis of autistic spectrum disorder (any, although if there are separate statistics for Asperger's, HFA, LFA, they would be appreciated) in your area;</p> <p><i>We do not hold this information.</i></p> <p><i>The Surrey Autism Partnership Board, chaired by Surrey County Council, may be able to provide this information.</i></p> <p><a href="http://www.surreycc.gov.uk/social-care-and-health/adult-social-care/adults-with-learning-disabilities/surrey-county-autism-project">http://www.surreycc.gov.uk/social-care-and-health/adult-social-care/adults-with-learning-disabilities/surrey-county-autism-project</a></p> |
| 2 | <p>How many children;</p> <p><i>Please see Answer 1</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 3 | <p>What diagnostic services are available to a) adults and b) children;</p> <p><i>a) Specialist referral to South London and Maudsley NHS Foundation Trust</i></p> <p><i>b) Diagnosis can be made by developmental pediatricians and Child and Adolescent Mental Health Services (CAMHS)</i></p>                                                                                                                                                                                                                                                                                                                                                                          |
| 4 | <p>What agencies or teams you have that work with autistic people, provide support/services, strategise, etc.</p> <p><i>NHS Surrey commission health service provision for autistic people from Surrey and Borders NHS Partnership Foundation Trust (SABP) through their children mental health and learning disability services community teams and in-patient assessment and treatment services along with a number of independent providers for specialist health placements or health treatments.</i></p> <p><i>CAMHS has champions , works closely with National Autistic Society and has representation on Surrey Autism Partnership Board</i></p>                  |
| 5 | <p>An email address/website for each of these agencies or teams where possible.</p> <p><a href="http://www.sabp.nhs.uk">www.sabp.nhs.uk</a></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 6 | <p>What the typical process should be for an adult in your area first asking their GP for an assessment for autistic spectrum disorder to receiving a diagnosis/support.</p> <p><i>A GP would refer to a Treatment Panel hosted by Surrey and Borders Partnership NHS Foundation Trust.</i></p>                                                                                                                                                                                                                                                                                                                                                                           |
